Editors' Note

In the name of Allah the most beneficent most merciful. Peace and blessings of Allah be upon our Prophet, his family members, his companions and all righteous Muslims.It is indeed a great achievement and a source of joy and happiness that the 4TH maiden edition of Daura Multidisciplinary Journal of General Studies, a publication of Yusuf Bala Usman Collage of Education and Legal studies Daura, is finally out. The Editorial board members, the management of the College and those who contributed in whatever way towards the production of this journal deserve a special commendation may almighty Allah reward them abundantly.

It is my pleasure to appreciate and also the distinguished reviewer who contributed their well-researched articles and also the distinguished reviewers who assessed and recommended for the acceptance of the articles for publication.

This edition of the journal which is multi-disciplinary in its contents, truly represents the various discipline which are taught in this Collage.The article touches of public and private

law, shari'ah, Islamic studies, Arabic, Hausa, English, sociology, political science, library science, chemistry, mathematics, computer science, criminology, general studies etc.
The disciplinary diversity and the thematic nature of the contents make it not only very rich and robust but also highly educative. It is hoped that this journal will serve the academic community both within and outside Nigeria.

It is pertinent to mention that the ideas contained in the various articles of this journal are solely those of authors and not necessarily the official opinion of the editorial board or the management of the College. The journal welcome interested contributors to forward their articles for assessment and consideration in our subsequent editors.

Professor Ibrahim Lawal kane
Editor -in-chief
